D. B. Fulton Writes.

Reedley, Calif., April 20.
Mr. Givler, Dear Editor West-
ern Kansas World:—I see in your
valuable paper letters from Ore-
gon and Texas, so I thought it
about time for California to put
in an appearance to keep up with
the times.

We have had such nice weather
all the time that really it has
been one continuous summer to
me. I can hardly realize what
time in the year it is. Here ev-
erything is clothed in green, the
flowers of all kinds in full bloom
and O my, the orange blossoms,
how fragrant. They permeate
the air so sweetly that one feels
like he had his mouth full of ho-
ney. With all this perfume and
the scent of the new mown alfal-
fa, it sure is grand and glorious.
Our prospects are good for a
vineyard crop. Peaches will not
be so abundant as last year, but
will be a better quality. The
prune and apricot crops promise
good. Strawberries are plenty
on the market now. Irrigating
is the order of the day and how
our boys do enjoy it.

While walking down one of the
principal streets of our city the
other day I heard a small voice
say: "Are you in a hurry?" I
turned around to see and to my
surprise it was Charley Brabb.
Well, we just took in the sights
and visited and then Charley
stopped with me awhile on his
way back to Laton, California.
Charley thinks I have a fine place
and so do I.

Well, I see Wa-Keeney went
dry. We can boast on our coun-
ty seat (Fresno) too, as it went
dry and it has a population of
30,000. Several saloons went
out of business there.

I suppose about this time of
year Kansas is rolling her Rus-
sian thistles together and mak-
ing bon-fires. I have not seen
any of those weeds out here yet.
We are going to have a big picnic
all over the state on April 30,
called Raisin Day. You are cor-
dially invited to come out and
participate. D. B. FULTON.

High School Notes.

Who said there were eleven
Continental congresses?

Luverne Henkel, Arthur Cock-
rell and Bee Barbee are with us
again.

The Seniors are taking up
Germelshausen in German and
Burke's Conciliation in English.

An annual will be issued this
year by the High School stud-
ents containing the following
features: School, society and
class histories, athletics and so-
cial events, jokes and short sto-
ries, besides cuts of the various
classes, societies and ball teams.

We found ourselves lost in the
throng who gathered at the ball
game Saturday to witness the
scheduled game. The Oakley
team was inspired by music fur-
nished by their band and we
were so charmed by its gentle
strains that we could only sit by
and listen spellbound with nary
a rousing cheer to aid our boys
struggling so hard to win the
victory. When the spell was
broken and the game over the
score stood 4 to 1—in whose fa-
vor?—T. C. H. S. of course.

Wa-Keeney, 6; Oakley, 0.

The Trego county, High
School base ball team took a fall
out of the local High School
team, last Saturday afternoon in
a mighty nice game on the
Oakley diamond. The Wa-
Keeney bunch are much larger
and older than the Oakley boys
and had considerable advantage.

However the game was a very
clever one and the youngsters
from Trego play a nice clean
game. The return game will be
played on the Wa-Keeney
grounds tomorrow and arrange-
ments are being made to take a
large delegation down to help
the boys along. It seems to us
that a County High School Meet
once each year would be mighty
profitable for the County Schools
along the Union Pacific down to
include Russel County. Ath-
letic events and oratorical con-
tests would make a meet of this
kind very interesting.—Oakley
Graphic.

Nulton—Oldham.

On last Sunday afternoon,
April 18, at the Methodist par-
sonage, the ceremony was per-
formed that united in marriage
Allen G. Oldham and Ida Nulton,
Rev. A. N. Smith officiating.

The young people took the
evening train to Wa-Keeney near
which place the young husband
has a home ready for his bride.

She is a daughter of Jonah
Nulton of our city and was born
and raised here. She will make
the young farmer a good practi-
cal and helpful wife. The Free
Press extends congratulations.—
Hays Free Press.

A newspaper recently con-
tained these observations and
they are pertinent in every news-
paper office every day in the
year: "The man who handles
the local department of a news-
paper learns that after due ex-
perience not to expect even brief-
ly expressed thanks from a col-
umn of pleasant things, but he
knows as surely cometh the win-
ter that a single line in which
there is an unintentional misrep-
resentation will be heard from as
if from a house top. And it may
be added that when he has made
pleasant mention 999 times of
some person, place or thing, but
of the thousandth time fails to
do so he must not expect to be
forgotten. The omission may
have been an accident or from in-
advertence or even an entire lack
of knowledge. It matters not.
The simple fact remains and he
will be judged by that."

Last Thursday it clouded up
and the long expected rain began
to fall and continued for several
hours, however the temperature
took a tumble and by Friday
morning the residents of this
section began to think nature
had slipped a cog and landed
them in the lap of genuine
winter. Water left standing out-
side was covered with ice a
quarter of an inch thick. The
fruit is badly damaged by the
severe frost.

A big ball game will be pulled
off on the east grounds next
Thursday afternoon at 3:00
o'clock. The attraction will be a
Japanese ball club from Denver
who are touring the state. The
High School boys are playing a
good game and will show the
Japs a few tricks in signs never
heard of before. Everybody
come and help the High School
boys out as they are deserving of
your patronage. Admission 25c.
